Chinese intervention and point of order in regards to the statement from the representative of the World Uyghur Congress

Thank you Madam Chairperson. The Chinese Delegation has heard the statement by this representative. We believe that this speaker his statement violates the charter and the purposes of the UN and does not comply with the statement by madam President, who just now that is the principles of this Forum. And he has used a non-UN languages which are not appropriate, therefore we request the Chairperson to make a judgement. Thank you Madam Chairperson.
