

Council of Europe was replaced by Permanent Mission of China.

Thank you Madam Chairperson, thank you Madam Chairperson.

The Chinese government attached great importance to economic, social and cultural rights which are based on the right of subsistence and development in order to provide promote economic development ethnic minorities and the minority regions and to raise living standards the Chinese government has continuously improved support of policies in order to promote economic development of these areas as a result these regions are growing faster than national average according to the meta-economic indicators and the gap has been narrowing between these regions and the rest of china because of the limitation to farming and animal (...) going outside to seek jobs away from homeland has become an important income source for families or farmers and herdsman as to where to go and what jobs to do is entirely on a voluntary basis which is good for the improvement of living standards of these people . Recently, with increasing number of job seekers the government at various levels provide better guidance and assistance to the job seekers and to protect their right and interests. At present there are no cases of under-aged girls working in eastern coastal board. Under-aged girl working is prohibited by Chinese law. China is country with rule of law. According to the criminal law of China the laws are equally applicable to anyone who commits crime whoever commits a crime, violates the criminal law whatever the ethnic group, sex or religious belief are all punishable by law where the law provides for [leniency] this [questionary] reduction fo punishment rules are granted. The July the 5<sup>th</sup> incident is an incident of serious criminal, luting, burning and [slashing] of a large number of people have been injured or dead. 197 were dead including the Han and including the Uyghur people also. This incident is instigated by the split instigated by the forces of outside of China and implemented by the [splitists] carried out by them within china. The Fundamental reason is the forces of Eastern Turkmenistan troops split the country. The Chinese judicial authority carried out procedures against the suspect of this incident are fair in the process of dealing with these cases. We have not come beyond the law nor allowed any suspect to escape the punishment of law. The [interrogation], prosecution and education are all strongly followed provisions of the law. Thank you madam president.
