

## **Scientific association of social communication specialists of Tabriz**

Ladies and Gentlemen,

The world is a beautiful butterfly with many colors [?]. [?] Colonialism does not give up on action to achieve their sinister aims and the way to reach their ideal world is to [?] independence and identity of the people who they want to rule, therefore to [?] creating division, hate, ethnicity and etc. We are aware that there is a problem as [?] creating violence and ethnic division and spreading hate among the societies, with the help of cyberspace and the lowest costs they publish [?] materials and regardless of the economic issues and problems that are over the people to the condition of the Corona virus disease. They publish offensive and separatism materials. Cyberspace provides a good opportunity for them to have no control on it. The audience that calls on hate and discrimination among societies resulted by such, led us [?] civility [?] the enrollment and colonial spirit on the [?] makes us more on this beautiful butterfly.

Thanks!
